

# California OES Weather Threat Briefing

October 29, 2018  
9:00 AM PDT

**Day 1 Primary Hazards:** Critical fire weather conditions starting Monday evening for Interior Northern California, as well as the North and East Bay Hills.

---

National Weather Service  
*Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT*

# Key Points

10/29/18 - 11/04/18

## Monday

- Elevated fire weather conditions across portions of southern CA due to sundowner winds.
- Light rain across northern coastal areas Monday. Dry conditions across the rest of the state. No significant impacts due to precipitation.

## Monday Night – Wednesday

- Dry conditions across the state for the week.
- Critical fire weather conditions due to gusty winds and low relative humidity values for Interior Northern California, as well as the North and East Bay Hills.
- Elevated fire weather conditions across southern California due to sundowner and offshore winds. Elevated fire weather conditions are also possible across portions of Mendocino and Trinity Counties.

## Thursday – Friday

- Elevated fire weather conditions continue across southern California due to sundowner and offshore winds.

## Saturday – Sunday

- No significant impacts expected at this time.
